The art listed therein, while of some relevance, is not necessarily considered to teach or suggest any aspect of the invention described and claimed in the above-identified patent application. This statement is also not to be construed as a representation that a search has, or has not, been conducted or that no better art exists. Rather, this statement discloses only the best art of which the Applicant is aware.

In considering the art set forth below, it may be noted by the Examiner that certain of the references may contain markings, underlinings or other notations. This information disclosure statement is submitted pursuant to 37 C.F.R. Section 1.97(b)(3) before the mailing of a first office action. Applicant believes no fee is due but if this is incorrect and a fee is owed the Commissioner is hereby authorized to charge any fee which should have been filed herewith or concerning any paper filed hereafter, and may be required under 37 C.F.R. Section 1.97 OR credit any overpayment to our Deposit Account No. 10-0447.

The Examiner is respectfully requested to consider each of the cited references, indicate such consideration by initialing each reference on the enclosed Form PTO-1449 (modified) and return a copy of the same with the next communication to the Applicant.
